# Specializing in the Design & Production of Special Purpose Vehicles!

Since its inception in 2017, Stark Motors stands as a pioneering provider of top quality comprehensive protective and multi-purpose transport solutions in Qatar. Serving official, security organizations, as well as the commercial sector. Our services include solid after sales service as well as upgrading options.

In a world where personal and corporate security is paramount, recent surges in violence have heightened these concerns to unprecedented levels. Various governmental and corporate sectors are increasingly allocating significant resources to protect and save their people, assets and facilities. By tailoring our approach to meet the unique needs and requirements of each client, STARK MOTORS alleviates this burden, by providing specific suitable solutions. At STARK MOTORS, our highly skilled specialist engineers blend state of the art designs, internationally certified materials with cutting edge manufacturing techniques to create vehicles that are not only exceptionally safe but also aesthetically stunning.

## STORM 4X4 LAMPV

Chassis:	<b>Toyota Land Cruiser 79, LHD</b>	<b>Axles/Suspension</b>	<b>Vehicle Protection</b>
Fuel Capacity:	<b>90+90 L</b>	Reinforced rigid axles on coil (front) and leaf (rear) springs with shock absorbers and sway bars	Upper Body: BS EN 1522 FB6, STANAG 4569 Level 2 (optional)
Engine:	<b>195 HP, Turbo-diesel</b>		Window Glass: BS EN 1063 BR6, STANAG 4569 Level 2 (optional)
Seating Capacity:	<b>2+6</b>		Blast Protection: 2xDM51 grenades
Transmission:	<b>Manual</b>	<b>Wheels</b>	
Drive:	<b>4x4 Part Time</b>	285/75 R18 Off-road tires on military steel wheel rims with composite inserts	
Curb Weight:	<b>4,200 kg</b>		
Payload:	<b>1,000 kg</b>		

# ARMORED PERSONNEL CARRIERS

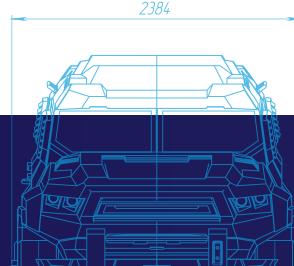

The **STORM 4x4 LAMPV** (Light Armored Multi-Purpose Vehicle) by **STARK MOTORS** is designed for SWAT teams, law enforcement, border patrol, and private security operations. This compact yet robust vehicle ensures secure transport for up to 8 passengers, offering advanced protection and mobility for urban and rural missions.

## KEY FEATURES

- **BS EN B6 protection level:** All-around armoring of the passenger compartment and engine bay, ensuring safety from ballistic threats.
- **Heavy-duty upgrades:** Large off-road wheels with special composite inserts, reinforced suspension, clutch and brakes components for reliability in tough conditions.
- **Special equipment:** Equipped with **LED strobe lights**, a **siren/PA system**, and **LED searchlights** for enhanced operational readiness.
- **Advanced dashboard:** military style steel dashboard with additional custom 7-inch touch screen display for vital vehicle data.
- **Military-grade seating:** Fitted with 4-point safety belts for driver, commander, and crew, along with anti-slip flooring for additional safety.
- **Turret and fire suppression:** Options for an **electric or manual turret**, **gun racks**, and an **automatic fire suppression system** for added safety and combat effectiveness.

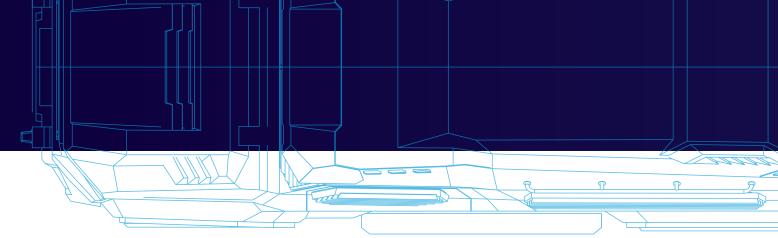

The **STORM 4x4 LAMPV** combines compact size, high-level protection, and customizable features, making it ideal for high-risk operations. It's the perfect solution for agencies seeking a versatile, durable, and reliable armored vehicle.

## STARK HMV 4X4

Chassis:	<b>KLTV Military Chassis, LHD</b>	<b>Axes/Suspension</b>	<b>Vehicle Protection</b>
Fuel Capacity:	<b>76 L</b>	Military independent suspension portal axle system with CTIS	Upper Body: BS EN 1522 FB6
Engine:	<b>225 HP, Turbo-diesel</b>		Window Glass: BS EN 1063 BR6
Seating Capacity:	<b>2+2</b>		Blast Protection: 2xDM51 grenades
Transmission:	<b>Automatic</b>	<b>Wheels</b>	
Drive:	<b>4x4 Part Time</b>	315/85 R16 Off-road tires on military steel wheel rims with composite inserts	
Curb Weight:	<b>4,000 kg</b>		
Payload:	<b>3,000 kg</b>		

# ARMORED PERSONNEL CARRIERS

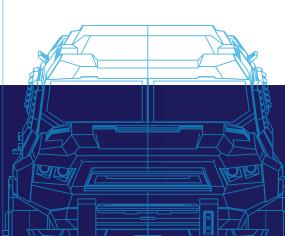

The **STARK HMV 4x4 (Light Armored Multi-Purpose Vehicle)** by **STARK MOTORS**, developed in collaboration with **KIA Defense Motors**, is specifically designed for fast and safe transportation of VIPs, high ranked officers and commanders during law enforcement, border patrol and private security operations. This compact yet robust vehicle ensures secure transport for up to four passengers, providing advanced protection, mobility, and comfort for both urban and rural off-road missions.

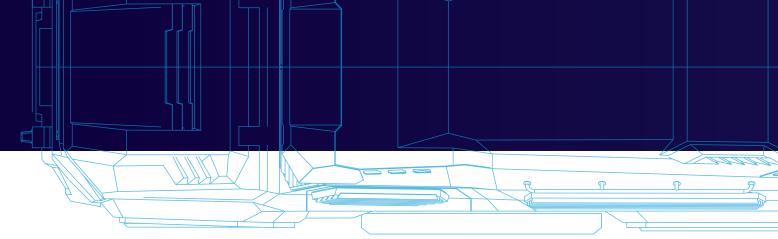

## KEY FEATURES

- **BS EN B6 Protection Level:** Comprehensive armoring of the passenger compartment and engine bay, offering protection against ballistic threats.
- **Heavy-Duty Modification:** Equipped with large off-road wheels with special composite inserts, heavy-duty independent suspension axle system with large disk brakes for reliability in demanding environments.
- **Special Equipment:** Features LED strobe lights, a siren/PA system, and LED searchlights to enhance operational readiness.
- **CTIS (Central Tire Inflation System):** Allows for on-the-go tire pressure adjustments, optimizing performance in different terrains.
- **Automatic Transmission & Portal Axles:** Providing high ground clearance and smooth handling in challenging conditions.
- **Versatile Configurations:** Available in cargo or pickup versions, allowing customization to meet specific mission requirements.

The **STARK HMV 4x4 LAMPV** combines compact size, comfort, high-level protection, and customizable features, making it the ideal choice for high-risk operations. It's a durable and reliable armored vehicle, perfect for VIP commanders and officers in need of a robust solution.

## RAIDER 4x4 LTAV

Chassis:	<b>RAM 5500, LHD</b>	<b>Axles/Suspension</b>	<b>Vehicle Protection</b>
Fuel Capacity:	<b>197 + 83 L</b>	Reinforced rigid axles on coil (front) and leaf (rear) springs with shock absorbers and sway bars	Upper Body: STANAG 4569 Level 1, BS EN 1522 FB7 (optional)
Engine:	<b>320 HP Turbo-diesel</b>		Window Glass: STANAG 4569 Level 1, BS EN 1522 BR7 (optional)
Seating Capacity:	<b>2+8</b>		Blast Protection: STANAG 4569 Level 1a, 1b
Transmission:	<b>Automatic</b>	<b>Wheels</b>	
Drive:	<b>4x4 Part Time</b>	335/80 R20 Off-road tires on military steel wheel rims with composite inserts	
Curb Weight:	<b>8,700 kg</b>		
Payload:	<b>1,300 kg</b>		

# ARMORED PERSONNEL CARRIERS

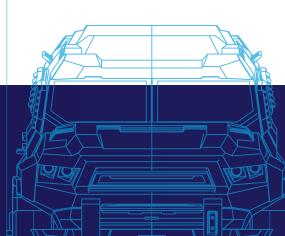

STARK MOTORS presents the **RAIDER 4x4 LTAV** (Light Tactical Armored Vehicle), a cutting-edge solution designed for modern tactical missions requiring swift and decisive action. Built for versatility and resilience, the RAIDER excels in demanding operations, providing unmatched performance for law enforcement and military teams.

## KEY FEATURES

- Versatile Tactical Mobility:** Designed for urban and suburban deployments, the RAIDER 4x4 is equipped with a high-performance engine that ensures optimal power and reliability, even in the most challenging environments. Its automatic transmission, combined with enhanced maneuverability, makes it ideal for fast-paced missions requiring rapid response and precision handling.
- Advanced Tactical Breaching Capabilities:** The RAIDER can be optionally fitted with a hydraulically operated breaching ram, specially engineered by **STARK MOTORS** for Special Forces and SWAT teams. This powerful feature is ideal for counter-terror and hostage rescue missions, enabling efficient breaching of obstacles such as doors, windows, and walls, ensuring quick entry in high-risk operations.
- Enhanced Operational Flexibility:** With its rugged design and customizable configurations, the RAIDER is built to adapt to a variety of mission profiles. Its high power-to-weight ratio and durable construction make it capable of overcoming complex tactical scenarios with ease.
- Superior Protection and Durability:** Designed to withstand tough conditions, the RAIDER ensures reliable performance in extreme climate environments. Its reinforced structure and advanced systems provide the necessary protection for mission-critical situations.

The **RAIDER 4x4 LTAV** is an essential asset for tactical teams, offering unmatched speed, protection, and operational flexibility to achieve success in demanding missions.

## ARMORED PERSONNEL CARRIERS

## THUNDER 4X4 MRAP APC

Chassis:	<b>V-Hull Monocoque Body, LHD</b>	<b>Axes/Suspension</b>	<b>Vehicle Protection</b>
Fuel Capacity:	<b>190+190 L</b>	Military independent suspension axle system with lockable differentials and CTIS	Upper Body: BS EN 1522 FB7, STANAG 4569 Level 4 (optional)
Engine:	<b>300 HP Turbo-diesel</b>		Window Glass: BS EN 1063 BR7, STANAG 4569 Level 4 (Optional)
Seating Capacity:	<b>2+2+4</b>		Blast Protection: STANAG 4569 Level 3a, 3b
Transmission:	<b>Automatic</b>	<b>Wheels</b>	
Drive:	<b>4x4 Full Time</b>	335/80 R20 Off-road tires on military steel wheel rims with composite inserts	
Curb Weight:	<b>9,500 kg</b>		
Payload:	<b>4,500 kg</b>		

# ARMORED PERSONNEL CARRIERS

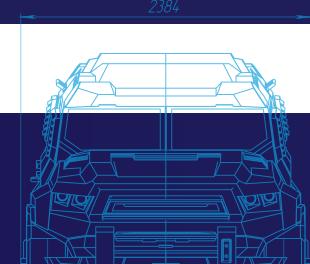

STARK MOTORS presents the **THUNDER 4x4 MRAP APC** (Mine Resistant Ambush Protected Armored Personnel Carrier), an advanced armored vehicle designed for tough defense, security, and law enforcement operations. It combines cutting-edge technology, mobility, and superior protection to tackle the harshest environments.

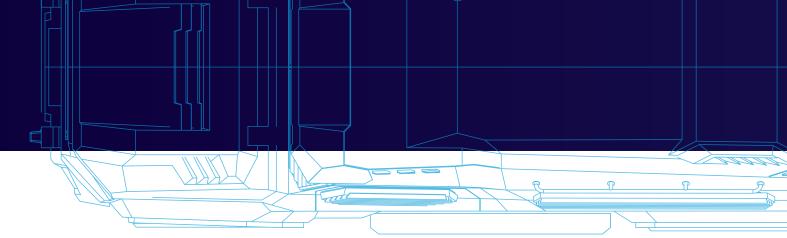

## KEY FEATURES

- **Exceptional Mobility:** High ground clearance, large off-road military grade wheels with special composite inserts independent suspension axle system (ISAS) with lockable interwheel and interaxle differentials, fully automatic Central Tire Inflation System (CTIS) with electronic pressure regulation and superior approach and departure angles enable excellent off-road performance. The **high power-to-weight ratio** enhances speed and agility.
- **Advanced Driving Capabilities:** Equipped for **night driving** with thermal imaging and night vision cameras, ensuring visibility in low-light conditions. A disc brake system with **ABS** guarantees controlled braking on challenging road conditions.
- **Enhanced Protection:** The THUNDER can be configured in accordance to **BS EN B6** or **BS EN B7** standards for ballistic protection, with STANAG 4569 Level 1a, 1b mine blast resistance thanks to its V-hull structure. **Self-sealing fuel tanks** and an **exceptional filtration system** protect the vehicle in hazardous environments.
- **Tactical Flexibility:** The roof can be equipped with a **weapon ring mount** or **Remote Weapon Station (RWS)**, allowing it to carry a variety of weapons systems for offensive and defensive roles.
- **Durability:** Designed to operate in extreme climates from extremely cold environment to high humidity and temperature zones, the THUNDER equipped with 21 kW cooling capacity of military grade HVAC system with air filtration system, autonomous diesel heater, built-in-glass electric heaters and is capable of **fording water up to 1.5 meters**.

The **THUNDER 4x4 MRAP APC** delivers superior performance in demanding operations, providing unmatched mobility, protection, and tactical versatility for high-risk missions.

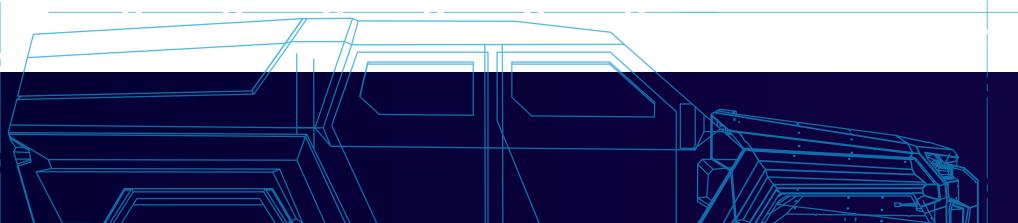

# ARMORED PERSONNEL CARRIERS

## NOMAD 4x4 MRAP APC

Chassis:	<b>Special Military Chassis, LHD</b>	<b>Axes/Suspension</b>	<b>Vehicle Protection</b>
Fuel Capacity:	<b>180+180 L</b>	Military independent suspension axle system with lockable differentials and CTIS	Upper Body: STANAG 4569 Level 3, STANAG 4569 Level 4 (optional)
Engine:	<b>340 HP Turbo-diesel</b>		Window Glass: STANAG 4569 Level 3, STANAG 4569 Level 4 (optional)
Seating Capacity:	<b>2+8</b>		Blast Protection: STANAG 4569 Level 3a, 3b
Transmission:	<b>Automatic</b>	<b>Wheels</b>	
Drive:	<b>4x4 Full Time</b>	395/85 R20 Off-road tires on military steel wheel rims with composite inserts	
Curb Weight:	<b>13,500 kg</b>		
Payload:	<b>4,500 kg</b>		

# ARMORED PERSONNEL CARRIERS

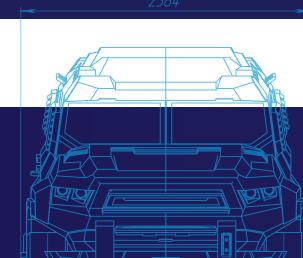

The **NOMAD 4X4 Mine Resistant Ambush Protected Armored Personnel Carrier** (MRAP APC), manufactured by **STARK MOTORS**, is a versatile armored vehicle built for exceptional performance in the most challenging environments. Designed for optimal mobility, protection, and operational capability, the Nomad is equipped with advanced features to ensure mission success.

## KEY FEATURES

- **Exceptional Mobility:** High approach and departure angles, excellent ground clearance, large off-road military grade wheels with special composite inserts on independent suspension axle system (ISAS) in conjunction with lockable interwheel and interaxle differentials provide superior off-road capabilities.
- **Stability & Power:** High power-to-weight ratio and a specialized ABS system ensure unmatched stability at on-road conditions.
- **Advanced Features:** Includes fully automatic Central Tire Inflation System (CTIS) with electronic pressure regulation, self-sealing fuel tanks, 21 kW cooling capacity of military grade HVAC system with air filtration system, autonomous diesel heater and built-in-glass electric heaters for cold environment operations.
- **Tactical Superiority:** Designed for night driving with thermal imaging and day/night cameras.
- **Durability:** Capable of fording depths up to 1.5m and operating in extreme climates with high humidity.
- **Unmatched Protection:** STANAG 4569 Level 2 to STANAG 4569 Level 4 ballistic protection with specially designed composite panels, blast and mine resistance up to STANAG 4569 Level 3a, 3b ensured by a V-hull floor structure for maximum crew safety.
- **Weapon Integration:** A weapon ring mount or protected cupola can carry a variety of armaments, including remotely controlled weapon stations (RCWS).

The **NOMAD 4X4 MRAP APC** is the ultimate solution for demanding operations, combining high performance, adaptability, and protection to excel in any environment.

## ARMORED LEXUS LX600 B6+

Chassis:	<b>GMC Sierra 2500HD</b>	Features:
Engine:	<b>401HP, 6.6L V8 Petrol</b>	<ul style="list-style-type: none"> <li>Operable windows</li> <li>Fire suppression system</li> <li>Heavy duty brake system</li> <li>Reinforced suspension</li> <li>CNC machined Heavy duty door hinges</li> <li>Flash lights</li> <li>Siren/PA system</li> <li>Intercom system</li> <li>Factory tinted glass</li> </ul>
Transmission:	<b>Automatic</b>	
Suspension:	<b>Upgraded</b>	
Brakes:	<b>Upgraded</b>	
Wheels:	<b>Composite inserts</b>	
Curb Weight:	<b>4,200 kg</b>	

At **STARK MOTORS**, we offer premium armoring for luxury SUVs, combining top-tier protection with sophisticated design. Our armored SUVs deliver security with no compromises in style or performance, making them the ideal choice for executives and high-profile individuals requiring discreet protection.

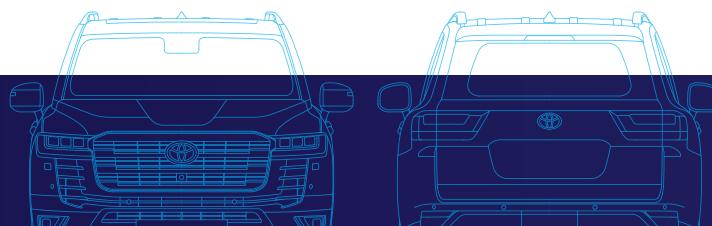

## ARMORED GMC YUKON B6+

Chassis:	<b>GMC Sierra 2500HD</b>	<b>Features:</b>
Engine:	<b>401HP, 6.6L V8 Petrol</b>	<ul style="list-style-type: none"> <li>Operable windows</li> <li>Fire suppression system</li> <li>Heavy duty brake system</li> <li>Reinforced suspension</li> <li>CNC machined Heavy duty door hinges</li> <li>Flash lights</li> <li>Siren/PA system</li> <li>Intercom system</li> <li>Factory tinted glass</li> </ul>
Transmission:	<b>Automatic</b>	
Suspension:	<b>Upgraded</b>	
Brakes:	<b>Upgraded</b>	
Wheels:	<b>Composite inserts</b>	
Curb Weight:	<b>4,200 kg</b>	

### KEY FEATURES

- OEM Appearance:** Our armoring preserves the vehicle's original aesthetics, ensuring discretion while offering maximum protection.
- High-Level Protection:** Armored to withstand high-velocity rounds and explosive threats, with ballistic protection up to BS EN B7 standards.
- Operable Windows:** Functional armored windows provide convenience without sacrificing security.
- Heavy-Duty Suspension:** Reinforced suspension systems ensure a smooth, reliable ride, maintaining performance under added weight.

## ARMORED CHEVROLET TAHOE B6+

Chassis:	<b>Chevrolet Tahoe, LHD</b>	Features:	<b>VEHICLE PROTECTION</b>
Engine:	<b>V8, 6.2L, 420HP, Petrol</b>	<ul style="list-style-type: none"> <li>Operable windows</li> <li>Fire suppression system</li> <li>Heavy duty brake system</li> <li>Reinforced suspension</li> <li>CNC machined Heavy duty door hinges</li> <li>Flash lights</li> <li>Siren/PA system</li> <li>Intercom system</li> <li>Factory tinted glass</li> </ul>	<b>Body protection:</b>
Transmission:	<b>Automatic</b>		▪ BS EN 1522 FB6, STANAG 4569 level 1 (optional)
Suspension:	<b>Upgraded</b>		<b>Window Glass:</b>
Brakes:	<b>Upgraded</b>		▪ BS EN 1063 BR6, STANAG 4569 level 1 (optional)
Wheels:	<b>Composite inserts</b>		<b>Floor protection:</b>
Curb Weight:	<b>4,300 kg</b>		▪ BS EN B6, aramid blanket
			<b>Engine Bay:</b>
			▪ Engine, Radiator, TCM & ECM BS EN 1522 FB6

**STARK MOTORS** offers luxury armored SUVs that seamlessly blend high-level security with comfort and style, delivering peace of mind and superior performance in high-risk environments.

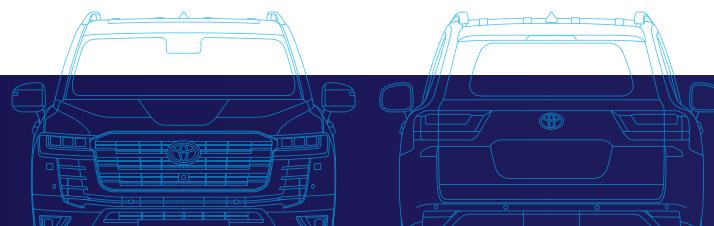

## ARMORED TOYOTA HILUX B6+

Chassis:	<b>Toyota Hilux, LHD</b>	<b>Features:</b>	<b>VEHICLE PROTECTION</b>
Engine:	<b>V6, 4.0L, 325HP, Petrol</b>	<ul style="list-style-type: none"> <li>▪ Operable windows</li> <li>▪ Fire suppression system</li> <li>▪ Heavy duty brake system</li> <li>▪ Reinforced suspension</li> <li>▪ CNC machined Heavy duty door hinges</li> <li>▪ Flash lights</li> <li>▪ Siren/PA system</li> <li>▪ Intercom system</li> <li>▪ Factory tinted glass</li> <li>▪ Roof hatch</li> <li>▪ Heavy Duty push-bar</li> <li>▪ Military seats</li> </ul>	<b>Body protection:</b>
Transmission:	<b>Automatic</b>		▪ BS EN 1522 FB6, STANAG 4569 level 1 (optional)
Suspension:	<b>Upgraded</b>		<b>Window Glass:</b>
Brakes:	<b>Upgraded</b>		▪ BS EN 1063 BR6, STANAG 4569 level 1 (optional)
Wheels:	<b>Composite inserts</b>		<b>Floor protection:</b>
Curb Weight:	<b>3,250 kg</b>		▪ BS EN B6, aramid blanket
			<b>Engine Bay:</b>
			▪ Engine, Radiator, TCM & ECM BS EN 1522 FB6

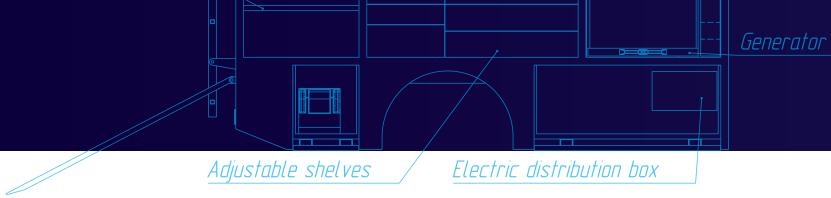

### KEY FEATURES

- Fire Suppression Systems
- Intercom, Siren / PA System
- Thermal & Night Vision Cameras
- Factory-Tinted Armored Glass
- Additional Fuel Tank
- Emergency Roof Hatch
- Engine Bay Protection

## SPECIAL PURPOSE VEHICLES

## RAPID INTERVENTION VEHICLE

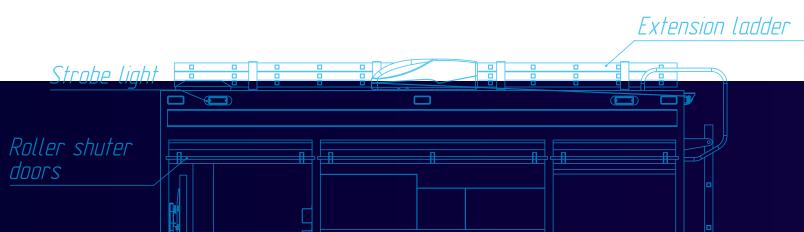

Chassis:	<b>GMC Sierra 3500 HD, LHD</b>	<b>Axles/Suspension</b>	<b>Vehicle Protection</b>
Fuel Capacity:	<b>106 L</b>	Front independent suspension axle system on torsion bars with shock absorbers and sway bar; Rear rigid axle on leaf springs with shock absorbers	Upper Body: BS EN 1522 FB6
Engine:	<b>401 HP, petrol</b>		Window Glass: BS EN 1063 BR6
Seating Capacity:	<b>2+2+4</b>		Blast Protection: 2xDM51 grenades
Transmission:	<b>Automatic</b>		
Drive:	<b>4x4 Part Time</b>	<b>Wheels</b>	
Curb Weight:	<b>7,200 kg</b>	245/70 R17 Off-road tires with composite inserts	
Payload:	<b>1,000 kg</b>		

### RAPID INTERVENTION VEHICLES

For fast, tactical response to emergencies, our rapid intervention vehicles are built for speed and agility. Equipped with emergency medical equipment, fire suppression systems, and enhanced communication tools, these vehicles are ideal for quick, effective intervention in critical situations.

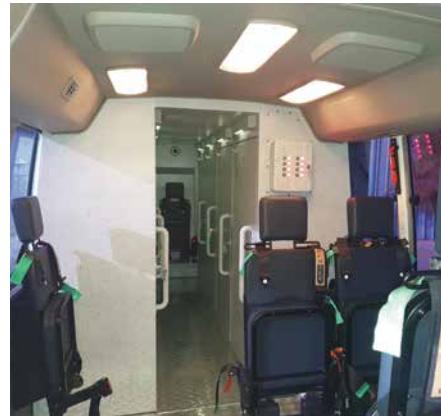

At **STARK MOTORS**, we are committed to producing advanced special-purpose vehicles designed to meet the unique challenges of emergency and critical operations. From public order vehicles for anti-riot operations to search and rescue units for operations in flooded zones, our vehicles are built with precision engineering and cutting-edge technology to ensure safety, resilience, and performance in every mission.

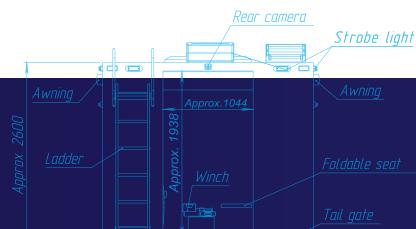

## PRISONER CARRIER BUS

Chassis:	<b>Nissan Civilian Bus</b>	<b>Body &amp; Structure:</b>
Engine:	<b>177HP, 4.5L Petrol</b>	<ul style="list-style-type: none"> <li>Built-in specially designed reinforced steel structure</li> <li>Front and rear push bumpers</li> <li>Vandal-resistant tinted window glass</li> </ul>

		<b>Optional Features:</b>
		<ul style="list-style-type: none"> <li>Compartment for dog cages with additional AC system and ventilation fans</li> </ul>

### Search and Rescue (SAR) Vehicles:

Whether responding to man-made disasters or extreme weather events, our search and rescue vehicles are designed to operate effectively in high-risk environments. Built to navigate challenging terrains, they offer quick access to disaster zones, providing essential support to rescue teams.

# SPECIAL PURPOSE VEHICLES

## RIOT CONTROL VEHICLE

### Riot Control Vehicles:

Our anti-riot vehicles support law enforcement during large-scale disturbances. Equipped with water cannons, additional window protection, and crowd-control systems, these vehicles provide superior protection and efficiency in high-tension situations.

Chassis:	<b>MAN TGM 13.290</b>
Engine:	<b>290HP, 6.9L Turbocharged Diesel</b>
Transmission:	<b>Automatic</b>
Drive:	<b>4x4</b>
Fuel Capacity:	<b>300L</b>
Water tank:	<b>2000L</b>
Motor Pump:	<b>Independent, 1500 l/min@10Bar</b>

**Body & Structure:**

- Custom-made metal body for 12 troops
- Anti-rust and fire retardant coating
- Heavy-duty front and rear bumpers
- Heavy-duty electric self-recovery winch
- Protective grills for all windows and lights
- Anti-slippery step panels
- Wheel composite inserts

**Water & Fire Control Systems:**

- Electric remotely controlled roof-top water monitor
- 3-zone fire suppression system

**Seating & Interior Features:**

- Military-type jump-seats for troops
- Lighting & Visibility:
  - Exterior and interior LED illumination lights
  - LED search lights
  - Siren/PA system
  - CCTV system with 8 cameras, DVR, and monitor

**Optional Features:**

- Vehicle can be armored up to BS EN B7 protection level
- Long Range Acoustic Hailing Device (LRAD)
- Remotely controlled tear gas grenade launchers

## SEARCH & RESCUE DOG CARRIER VEHICLE

### K9 SAR Vehicles:

Recognizing the critical role that rescue dogs play in disaster response, our specialized dog carrier vehicles are designed for safe and comfortable transportation of K9 SAR teams. These vehicles feature climate-controlled compartments, secure holding areas, and space for handlers, ensuring that rescue canines are always mission-ready and well cared for.

Chassis:	<b>Ford F-550 Super Duty</b>
Engine:	<b>6.7L, V8 Turbo Diesel, 300HP</b>
Transmission:	<b>Automatic</b>
Drive:	<b>4x4</b>
Fuel Capacity:	<b>151L</b>
Water tank:	<b>100L Fresh water</b>

**Body & Structure:**

- Lightweight aluminum cargo body
- Heavy-duty front and rear bumpers
- Electrically operated side awnings
- Aluminum roller shutters with locks
- Crane for power generator loading/offloading
- Front and rear heavy-duty electric self-recovery winch

**Suspension & Wheels:**

- 3" suspension lift
- Large military-grade steel wheels with off-road tires

**Utility & Additional Features:**

- Outdoor shower

**Power & Electrical Systems:**

- Exterior and interior LED illumination lights
- Siren P/A system

**Storage & Equipment:**

- Specifically designed storage compartments for equipment
- Sliding out shelves
- Portable fridge in cabin

**Safety & Convenience:**

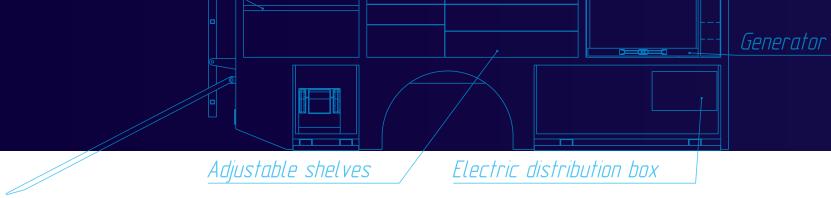

- Shore power connection
- 2 Zone fire suppression system
- Rearview camera

**Optional Features:**

- Compartment for dog cages with additional AC system and ventilation fans

## SPECIAL PURPOSE VEHICLES

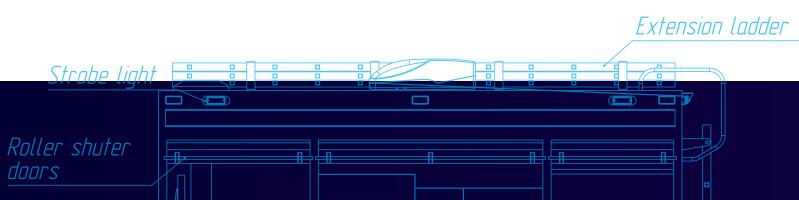

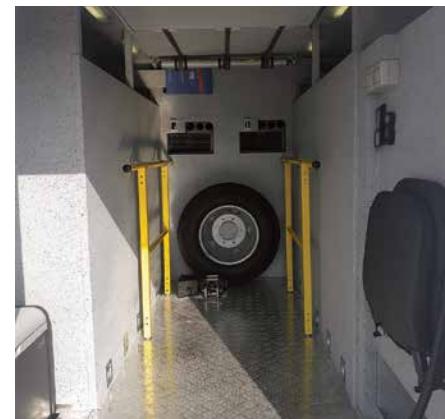

### EOD VEHICLE

#### Explosive Ordnance Disposal (EOD)

##### Vehicles:

Our EOD vehicles are equipped with advanced tools and equipment for bomb disposal teams. These specialized vehicles enable safe handling of hazardous materials, offering essential support in managing public safety threats.

# SPECIAL PURPOSE VEHICLES

## SEARCH & RESCUE TRANSPORT VEHICLE

### Transport SAR Vehicles:

During large-scale evacuations, **STARK MOTORS'** transport SAR vehicles provide high transportation load capacity, facilitating the delivery of necessary SAR equipment to, and quick movement of civilians or injured personnel from disaster zones.

Chassis:	<b>MAN TGM 13.290</b>
Engine:	<b>290HP, 6.9L Turbo-charged Diesel</b>
Transmission:	<b>Automatic</b>
Drive:	<b>4x4</b>
Fuel Capacity:	<b>300L</b>
Water tank:	<b>100L Fresh water</b>

**Body & Exterior:**

- Custom-made lightweight aluminum body
- Heavy-duty front and rear bumpers
- Aluminum roller shutters with locks
- Removable tent with frame on cargo bed
- Foldable seat benches in cargo bed
- Hydraulically operated tail lift
- Hydraulically operated crane for cargo load/offload
- Anti-slippery step panels

**Safety & Visibility:**

- Rearview camera

**Power & Recovery Systems:**

- Front heavy-duty electric self-recovery winch
- Semi-automatic tire inflation system (STIS)

**Storage & Equipment Handling:**

- Sliding out shelves
- Specifically designed storage compartments for equipment

**Lighting & Visibility:**

- Exterior and interior LED illumination lights
- LED search lights
- Siren/PA system

**Utility & Additional Features:**

- Outdoor shower

## FLOOD ZONE SEARCH & RESCUE VEHICLE

### Flood Zone SAR Vehicles:

In flood-prone areas, swift and reliable transportation is essential. Our flood zone search and rescue vehicles are designed to ford deep waters and navigate dangerous conditions, enabling efficient rescue operations and safe transport of victims.

Chassis:	<b>Mercedes-Benz Unimog Extreme Off-Road U 5000</b>
Engine:	<b>231HP, 5.1L</b>
Transmission:	<b>AutomaticShift</b>
Drive:	<b>4x4</b>
Fuel Capacity:	<b>140L</b>
Water tank:	<b>100L</b>

**Body & Structure:**

- Custom-made lightweight aluminum body
- Heavy-duty front and rear bumpers
- Aluminum roller shutters with locks
- Anti-slippery step panels
- Deepwater fording factory preparation
- Electrically operated side awnings

**Storage & Equipment Handling:**

- Sliding out shelves
- Specifically designed storage compartments for equipment

**Power & Recovery Systems:**

- Front heavy-duty electric self-recovery winch
- Central tire inflation system (CTIS)

**Lighting & Visibility:**

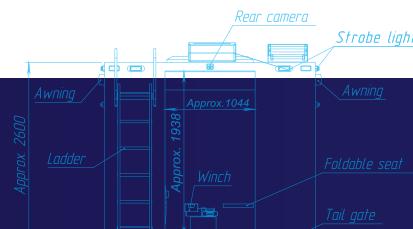

- Exterior and interior LED illumination lights
- LED search lights
- Siren/PA system
- Rearview camera

**Safety & Fire Control:**

- 2-zone fire suppression system

**Utility & Additional Features:**

- Outdoor shower

# RECREATIONAL VEHICLES

## 6X6 CAMPER VEHICLE

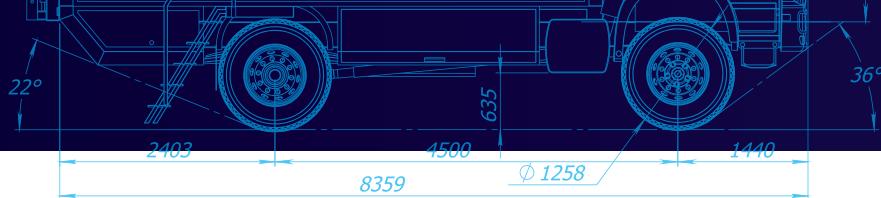

Chassis:	<b>Mercedes Actros 3342-AK</b>
Engine:	<b>11.9L Turbo-charged V6 Diesel</b>
Transmission:	<b>Automatic</b>
Drive:	<b>6x6</b>
Fuel Capacity:	<b>400L</b>
Water tank:	<b>200L Fresh water</b>

<b>Body &amp; Exterior:</b>
▪ Lightweight composite caravan body
▪ Front heavy-duty bumper
▪ Electric self-recovery winch
▪ Rear portable cargo ramp
▪ Roof racks
▪ Manually operated side awning
▪ Outdoor portable shower
<b>Power &amp; Electrical Systems:</b>
▪ Power & Electrical Systems

**STARK MOTORS** unveils its **Camping Support Vehicle**, designed for fast delivery and repair support in remote locations.

This vehicle ensures smooth, uninterrupted adventures, providing essential support wherever your journey takes you.

### KEY FEATURES INCLUDE:

- Rapid Water & Fuel Delivery:** Quickly replenishes water tanks and fuel.
- Repair Services:** Equipped with tools for on-the-spot maintenance.
- Recovery Assistance:** Features a heavy-duty winch and off-road recovery tools.

# SERVICES

## ENGINEERING & FABRICATION

At STARK MOTORS, we specialize in the custom engineering and fabrication of armored vehicles, including APCs, recreational and rescue vehicles, and more. Our expert team designs and builds vehicles tailored to your exact specifications, ensuring the highest levels of safety, durability, and performance.

### WHAT WE OFFER:

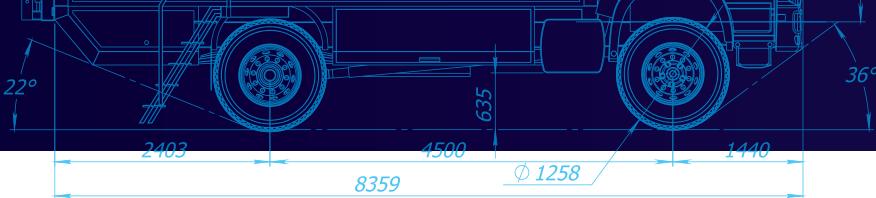

Armored Vehicles: From APCs to specialized rescue vehicles, built to withstand the toughest conditions.

### CUSTOM DESIGNS:

Client Tailored solutions for unique missions and requirements.

Advanced Fabrication: State-of-the-art technology and certified materials and components for maximum protection and performance.

**Whether for government, emergency services, or personal use, STARK MOTORS delivers reliable, mission-ready vehicles you can trust.**

## RE-MANUFACTURING & MODERNIZATION

STARK MOTORS delivers integrated solutions with advanced vehicle technologies and protection upgrades to lower life cycle costs. Our modernization services provide fast, cost-effective restoration and mission-critical upgrades.

### KEY FEATURES:

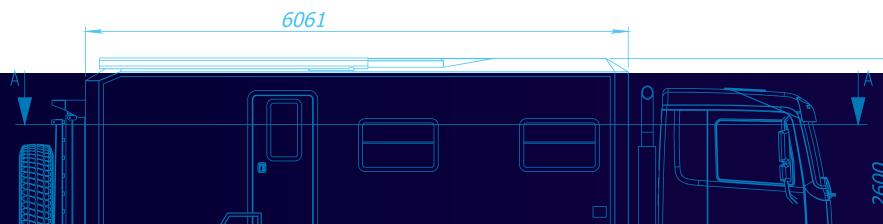

Remanufacturing:  
Modernizes fleets.

### UPGRADES:

Generate renewed performance  
with a new warranty.

### COST SAVINGS:

Fleet recapitalization is about 25% cheaper than buying new.  
Quick Turnaround: Equip vehicles up to 20 years old with the latest tech.

# CUSTOMER TRAINING

STARK MOTORS ensures customers get the most from their vehicles with comprehensive training and support. We provide expert-led sessions on safe and efficient operation, tailored to meet your needs.

## KEY HIGHLIGHTS:

Professional Training: In-depth, hands-on instruction by certified experts.

## USER MANUALS:

Detailed guides on vehicle operation and maintenance.

## FLEXIBLE DELIVERY:

On-site or virtual training options.

## ONGOING SUPPORT

Continuous assistance for any operational questions.

# SPARE PART & AFTER SALE SERVICES

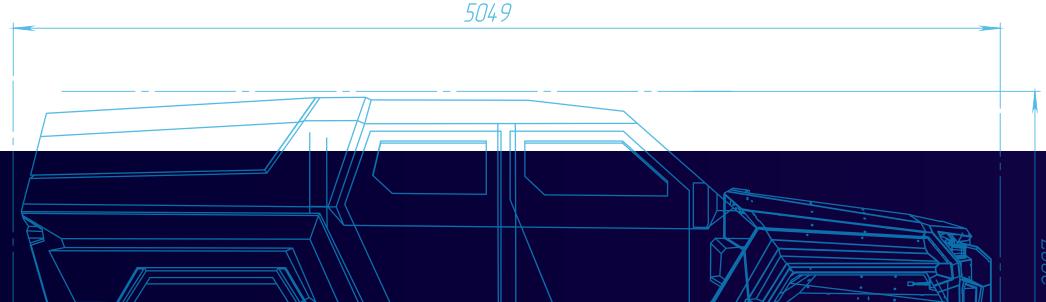

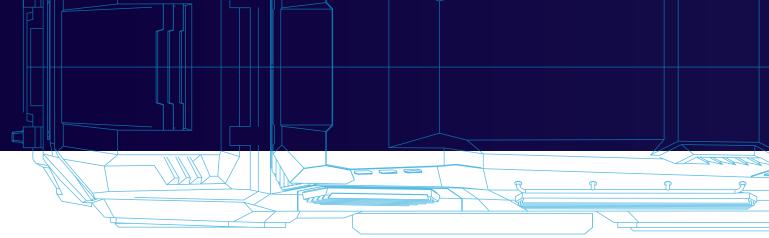

Our team keeps a record of each vehicle and our database that registers all necessary information during production and all inspection phases. We are committed to ensure high quality and safety/reliability of our vehicles, providing a two-year warranty for each vehicle produced. As a part of our commitment, in supplying our customer the quality spare parts they may require either by shipping them to customer's location and/or performing onsite maintenance if needed.

**STARK MOTORS has a dedicated team of highly trained freight shipping specialists, structured to provide prompt service to our customers.**

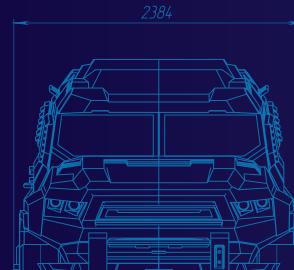

## ACCESSORIES & UTILITIES

At STARK MOTORS, we provide a comprehensive selection of vehicle accessories to fully equip our vehicles for specialized missions and operational demands. Along with essentials like push bars, heavy-duty bumpers, siren PA systems, fire suppression systems, radio and telecommunication equipment, gunner stands, gun racks & ammunition storage compartments, and , we offer advanced tactical features for added capability.
